IN 'MARIA ROSA' TO
BE SEEN AT LYRIC**

Geraldine Farrar, the noted grand opera prima donna and motion picture star of the Jessie L. Lasky feature play company, will appear at the Lyric theater today and tomorrow in "Maria Rosa" said by those who have seen it to be the best of the three photoplays she made for the Lasky company, the others being "Carmen" and "Temptation." Take the others, "Maria Rosa" was produced by Cecil B. DeMille. Wallace Reid appears in the leading masculine role.

These are facts of exceptional interest in connection with Miss Farrar in "Maria Rosa" as it was during the making of this photoplay that she met and fell in love with Mr. Lou-Tellegen, whom she recently married. Three years ago when Mr. Lou-Tellegen came to the United States to make his debut on the American stage as an English speaking actor, he chose as his first play "Maria Rosa." Previously the young actor had appeared for two seasons in American theaters as leading man with Miss Farrar.

COMEDY COMING TO
CRYSTAL THURSDAY**

The popularity of musical attractions looms brighter and brighter as the years go by, until at last they have become the recognized standard of popular entertainment. In the latest New York success, "The Girl from the U. S. A." is seen absolutely the best; from the deepest and most impressionable dramatic performance to the highest and daintiest comedy. It has been proclaimed truly a musical production with a plot, interpreted by the original big city cast and famous beauty chorus of twenty winning damsels from Broadway, a carload of scenic effects and wonderful wardrobe, direct from its Metropolitan engagement. "The Girl from the U. S. A." is distinctly an American comedy, with the scenes laid in the flowery kingdom of old Japan, and has become famous for its wonderful scenic and electrical effects. This large attraction comes to the Crystal theater for a special engagement of one night Thursday, October 26.

BOYS WHO SENT IN
FAKE FIRE ALARMS
IN POLICE COURT

Five small boys, one of them so small that his feet did not touch the floor, sat on the "mourner's" bench in Police Judge McClellan's court late yesterday afternoon. They were charged with turning in fake fire alarms.

Three other boys, including the most diminutive of the group, sat on another bench—the "boisterous" bench. They had held the smaller boy up so they could reach the alarm boxes. Judge McClellan sentenced the five to serve three months in jail but suspended sentence. The other three he warned.

Chief J. W. Burnett said the firemen had been called out by six false alarms this month.

**MISSING MAN'S CAR
FOUND NEAR ACEQUIA;
OFFICERS DRAG DITCH**

The finding of F. J. Dye's automobile near an acequia north of here, caused county officers to drag the ditch, thinking that possibly Mr. Dye had been the victim of foul play.

Under Sheriff Dick Lewis and five other officers conducted the search. They found no trace of the man. Mr. Dye, a contractor, was last seen last Wednesday.

The motor car was attached after it had been found without occupant near the acequia.

**ROMERO TRIAL
CONTINUED UNTIL
THE NEXT TERM**

Defendant Released From Jail
Under \$10,000 Bond; Suit
Against Trolley Company
Taken Up.

The trial of Tomas Romero, charged with murdering his wife, will not take place until the March term of court. Romero provided \$10,000 bond yesterday and was released from jail where he had been held since the grand jury indicted him. Marcelino Martínez and Julian A. Martinez are the bondsmen.

Romero shot and killed his wife last summer at the home of Mrs. Melinda Armijo, Second street and New York avenue.

The continuance of the Romero case closed the criminal docket for the September terms. Two prisoners, who pleaded guilty, were sentenced yesterday by Judge H. F. Reynolds and the others will be sentenced soon. George Spaulding and Gaspar Chavez received their sentence yesterday. The court gave them six months in jail but suspended both sentences. Spaulding discharged a revolver in a disturbance in Barelas. Chavez also was discharged with discharging a gun.

Although all criminal cases set for trial at this term were disposed of, the jury was not discharged. The trial of the case of Mrs. Plomina Nieto against the City Electric Company was begun before a jury. Mrs. Nieto asks \$5,000 damages, alleging that she was injured by being struck by a trolley car on West Central avenue.

Widow Sues Foundry.

Mrs. Amada Hernandez de Salgado, administrator of the estate of Molino Salgado, her husband, yesterday began suit against the Albuquerque Foundry Machine Works company, charging that company with responsibility for the death of her husband.

She asks judgment for \$20,000.

Salgado was killed September 26 when a casting weighing 2,000 pounds fell from the top of a pile of similar castings, crushing the life out of him. Mrs. Salgado alleges on information and belief that the company failed to provide her husband a safe place to work.

Salgado was earning \$2 a day, according to his wife's complaint. He was 40 years old and had five children, whose ages range from 3 to 18 years.
